We have listed the reason you are being sent this letter below. The date the information is effective is listed next to your name.

Reason for letter:
Health plan enrollment changed for:
Doe, Jane - 08/01/2016

Page 1 will be the same each time, except for the bottom of the page. This section tells you what changed.

Page 2 tells you:
- The kind of OHP you have
- Your coordinated care organization (CCO)
- Other coverage reported to OHA, like Medicare or private health insurance

Starting January 1, 2017, there are no copays, even if it says “Yes” in the “Copays?” column.

Page 3 tells you what type of coverage you get from your CCO (if you have one):
- CCOA: Medical, dental and mental health care
- CCOB: Medical and mental health care
- CCOE: Mental health care
- CCOG: Dental and mental health care
- DCO: Dental care
- MHO: Mental health care

If there is no CCO, DCO, or MHO listed, then the Oregon Health Authority (OHA) covers your care.

Page 1 - The bottom of this page tells you what changed.

YOUR OREGON HEALTH PLAN BENEFITS

Check with your provider or CCO to see if a specific service is or is not covered. A complete list of covered services is available in the *OHP Handbook*.

OHP only covers services from enrolled OHP (Oregon Medicaid) and CCO providers.

**OHP Plus, OHP with Limited Drug and CAWEM Plus benefits**

OHP covers these services:

- **Physical health**: Doctor visits, preventive services to help you stay healthy, tests to find out about your health, treatment for most major diseases, emergency ambulance and 24-hour emergency care, family planning services, and pregnancy and newborn care.

- **Behavioral health**: Mental health and counseling, and help with addiction to tobacco, alcohol and drugs. (You do not need a referral from your primary care provider for these services.)

- **Dental health**: Cleanings and preventive treatments, dental check-ups and x-rays, fillings, tooth removal, 24-hour emergency care.

- **Prescriptions**: OHP with Limited Drug only includes drugs not covered by Medicare Part D.

- **Eye care**: Medical care; glasses to treat a qualifying medical condition such as aphakia or keratoconus, or after cataract surgery.

- **Vision care**: Exams and glasses (only for pregnant women and children under age 21).

- **Other needs**: OHP can pay for hearing aids, medical equipment, home health care, skilled therapy, hospital care, and rides to health care appointments.

**What’s not covered**: OHP does not cover treatment for all health conditions. Some things OHP does not pay for are:

- Treatment for conditions that get better on their own
- Cosmetic surgeries or treatments that are for appearance only
- Treatments that do not usually work
- Services to help you get pregnant
- Weight loss programs (some CCOs do cover weight loss programs)

**If you want a service that OHP does not cover:**

- Look for other ways to get the service. Get a second opinion; ask your provider and your CCO about your choices.
- If you still want the service, you and your provider must complete an “Agreement to Pay” form before you get the service. This means you agree to pay for the service yourself.

**Other benefit packages:**

- **CAWEM** – Emergency medical, dental and transport services; labor and delivery

- **Qualified Medicare Beneficiary (QMB)** – Only covers Medicare premiums and copayments (except for Medicare Part D) and deductibles.
NEW TO OHP? START USING YOUR OHP BENEFITS

The Oregon Health Plan (OHP) is Medicaid and the Children’s Health Insurance Program in Oregon. It pays for health care for low-income Oregonians. To make sure you get the care you need when you need it, here are some things you can do.

Most OHP members are enrolled in a coordinated care organization (CCO).

CCOs are groups of providers and plans for OHP members. A CCO takes care of all your OHP medical, dental and mental health care.

Most counties only have one CCO.

- **New OHP members** will get enrolled in a CCO about two or three weeks after they get their first coverage letter. They will get a new coverage letter once they are in a CCO.
- **Once enrolled in a CCO**, you will get a new member packet from your CCO. It tells you about your primary care provider, your CCO and health benefits.

After that, if there is another CCO in your area that you would rather be in, you need to call OHP Client Services at 1-800-273-0557 within 30 to 90 days.

If you have OHP Plus benefits, you are required to be in a CCO unless:

- You are American Indian or Alaska Native.
  You can still get care through Indian Health Services or a tribal health center as a CCO member. Call us if you want to enroll in a CCO.
- You get care from a provider not in your CCO, and changing providers would negatively affect your health.
- You are in your last 3 months of pregnancy and want to stay with your current provider.

Pick your provider

If you are in a CCO:

- You can contact your CCO and choose a different primary care provider.
- You can also choose a dentist and a mental health care provider if you like.

If OHA covers your care:

- You can see any doctors or other health providers who accept OHP coverage.
- If you need help finding a provider who accepts OHP, please call OHP’s 24/7 Nurse Advice Line at 1-800-562-4620.

Get to know your providers before you get sick

Once you know who your providers are, make appointments with them for your first check-up.

- That way, they know about you and your health care needs.
- Then if you do get sick, your providers will know more and your care will be better.

Before you see your provider:

- Write down any questions you have.
- Be ready to tell them about your family’s health history and any medications you take.

This will help you and your doctor form a relationship and talk about your health care needs.
HOW TO KEEP YOUR OHP

Open letters from OHA and do what they say. Call if you have questions.

Call OHP Customer Service or visit a community partner if you:

- Move or get a new phone number (OHA does not forward mail to new addresses)
- Get married or divorced
- Get or lose a job
- Get pregnant
- Have a baby

You might be able to report changes online. Learn more at www.OregonHealthCare.gov.

You need to renew your OHP each year. Everyone will renew at different times—you will get a letter, email or text notice when this time comes.

When you get your notice, do what it says right away.

WHO TO CALL FOR HELP

Learn more at OHP.Oregon.gov (click “OHP Contacts”).

Call your CCO if you:

- Need help making an appointment.
- Need help finding a provider or want to change your provider.
- Have questions about coverage or services offered.
- Get a bill.

Call OHP Client Services at 1-800-273-0557 (TTY 711) if you:

- Want to change your CCO or enroll in one.
- Need a new Oregon Health ID card or OHP Handbook.
- Get a bill and are not in a CCO.
- Need help making an appointment and are not in a CCO.
- Have questions about coverage and are not in a CCO.

Call OHP Customer Service at 1-800-699-9075 (TTY 711) if you:

- Have questions about eligibility.
- Become pregnant or your pregnancy ends.
- Change mailing addresses, email addresses or phone numbers.

OHA follows state and federal civil rights laws. It does not treat people unfairly in any of its programs because of a person’s race, color, disability, national origin, religion, sex, sexual orientation, gender identity, marital status or age. You may file a complaint if you believe OHA treated you differently for any of these reasons.
