

# Did you know?

## eXPRS Pro Tip for DD Personal Support Workers (PSWs) PSW Credential Information now in eXPRS

### Did you know ...

**... your PSW credential information for your PRIMARY PSW specialty type can now be seen when you login to eXPRS or eXPRS Mobile-EVV?**

eXPRS & eXPRS Mobile-EVV displays the credential information for PSWs when you log in. This credential information shown will be for your PRIMARY provider specialty for your assigned ODHS/SPD provider number(s):

- the current expiration date of your **Criminal History Check (CHC)**,
- the current expiration date of your **ODHS Provider Enrollment Agreement (PEA)**, and
- the current expiration date of your **'approved to work'** status as a PSW (your credential).

PSW providers cannot work past your **'approved to work'** expiration date. It is important for you to know your credential information so you can coordinate with the CDDP or Brokerage to get your CHC, PEA & 'approved to work' status renewed on time. Timely renewals will help prevent credential date gaps and avoid interruption in your ability to work & be paid.

Where to find your credential information in the **eXPRS website**:

Oregon Department of Human Services  
Express Payment & Reporting System (eXPRS)
